Automate Your Airbnb Reviews
with **Rentals United**

Reviews are crucial for building trust on Airbnb, but finding the time to review each guest can be challenging. With Rentals United, you can review your guests effortlessly, increasing the number of reviews you receive in return, leading to enhanced visibility and higher earnings.

Fully automated Reviews

A pre-set review and positive rating of your guests are automatically sent and published on Airbnb on the 8th day after departure. No action is required from your end, unless there is a guest who requires a bespoke review.

Semi-automated Reviews

Receive an email reminder with your pre-set review after the reservation ends. Accept and publish the review on Airbnb with one click of a button.

Manual Reviews

Manually rate the guest and write a review, which you can publish on Airbnb through Rentals United.

Benefits of Automating Your Airbnb Reviews
