

Mobile & Country Rates

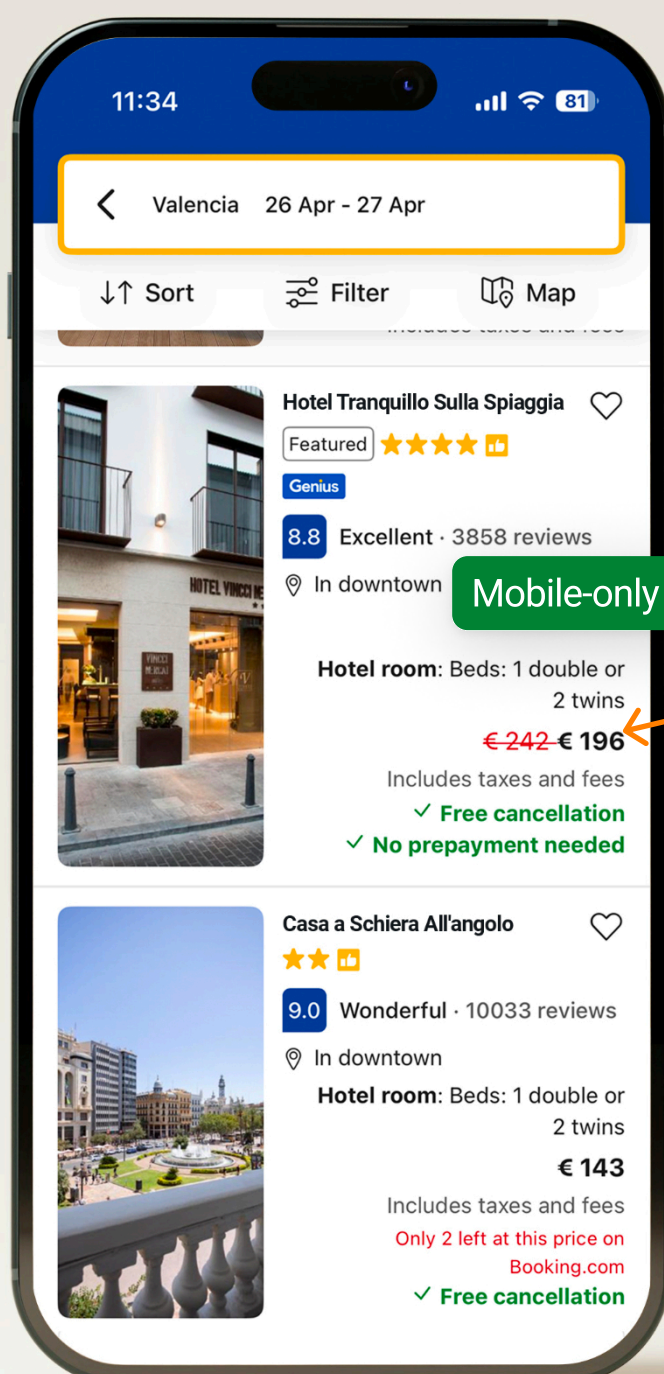

Attract guests from specific regions and devices with a targeted pricing strategy

Boost bookings and stand out in search results with Country Rates and Mobile Rates - seamlessly managed through Rentals United

Did you know that:

50% of bookings happen on mobile

Look at the visual impact of a Mobile Rate promotion compared to a listing without one – It's eye catching!

By offering exclusive discounts accessible only on mobile devices, you're tapping into a significant and growing booking channel. This strategy has been shown to increase mobile bookings by up to **30%**.

Country rates

Country Rates offer a flexible occupancy strategy to attract guests from your chosen markets. By setting specific prices for different countries, you can boost bookings during off-peak seasons (as travel peaks differ globally) and tap into entirely new customer segments.
